Placement Rules & Guidelines

Each fall, students often complain about numerous changes being made to the schedule during the first few weeks of classes. We hope that each student can understand the difficulties in preparing such a complicated schedule. Please try and understand that we try to make every effort to ensure that everybody may attend the classes they have been assigned to and that conflicts don't exist. Needless to say, most scheduling conflicts don't seem to present themselves until students begin taking their assigned classes. All we ask is for you to hang in there and be patient while we try and accommodate each student's needs. Thank you.

General Placement Rules

If you did not attend either placements or any summer session, you were placed in the same level as last year. At any time during the dance year (August thru June), your teacher may elect to change your placement level as they assess your performance level and skill sets. If you do not see your name on this list and you did attend classes the previous year, please contact me at gina@wnpac.com

Ballet Specific Rules

1. Apprentice must take their assigned classes before they may take **one** of their apprentice classes.
2. Any student may be moved up or down as the year progresses.

11. Pointe 2 – If you have been listed in Pointe 2 and also Pointe 1 you must take both classes or you have a choice, if you only want to take one Pointe class then you may take Pointe 1 only. Under no circumstance unless stated may students listed in both Pointe classes only take Pointe 2.

Jazz Specific Rules

1. Apprentice may only take second class if they have taken their required class first.
2. You will improve faster if you take a jazz class and also a leaps and turns class.
3. Levels are decided on the ability to maintain jazz technique while performing jazz combinations.
4. Although it is important to be able to do the required jazz steps from the jazz level sheet, it is more important on how the steps look in a combination.

Special Note

This studio does not agree with young children performing in mature dance routines. We want strong technique first and foremost.

There are plenty of dance studios around that will put your young child in routines that we believe are too mature in nature and content. You are welcome to take your child somewhere else if you do not agree with our philosophies.
