Dear Parents,

First let me start with how proud I am of all the competition team members, they did such a great job last year and each one of them grew so much in their dance abilities. Each year competitors are pushed harder, swimmers are swimming faster, and runners running faster, dancers are dancing better than ever. All summer ballet classes will apply towards the school year requirements.

We are in tight economic times and competition team is extremely expensive, please take this into consideration before you accept a position on the Team. All duets trios and groups, must attend all local competitions, we cannot have one person who chooses not to dance and leave the other students without a team member. Any student from our studio, may also travel with us to workshops but will not compete.

We will start rehearsals for competition team on Thursday August 27th thru Saturday August 29th, after that competition team will rehearse on Fridays and Saturdays, I will try and work around all of your different schedules. A deposit of \$150 will be due by Thursday August 27th (first day of rehearsals) to go towards your first workshop. If we do not receive your deposit by the first day of rehearsals you will be dropped from team. Another deposit of \$100 will be due Oct 1st to be applied to either competition fees or costumes. We are going to try and order all costumes by November 1st 2008, at which time all costume fees will be due in full.

As we did last year, Students will be placed in a group at skill level not by age.

You may add the cost on to your tuition or pay separately. You may divide your payments in to 10 monthly payments. If you are paying separately, all fees must be paid by the first competition.
